Analytics & Tracking: Google Analytics 4, Google Tag Manager, A/B testing, KPI design, cohort analysis
Methods: Behavioral segmentation, time-series analysis, statistical testing, NLP, NER, network analysis
Other: Git, JupyterLab, basic HTML/CSS/JS

PROFESSIONAL EXPERIENCE

Sr. Digital Marketing & WordPress Manager — AS Marketing Agency (Adriana Stein Marketing) Oct 2023 – Sep 2024

Hamburg, Germany (Remote)

- Grew client's monthly organic clicks from 1.3K to 11K+ (8.5x) by analyzing search query patterns and restructuring product taxonomy based on behavioral data.
- Built KPI dashboards in GA4 and GTM tracking conversion funnels, page-level engagement, and channel attribution across multiple e-commerce clients.
- Performed exploratory data analysis on traffic, engagement, and conversion datasets to identify segmentation opportunities and inform A/B testing roadmaps.
- Translated raw analytics data into client-facing performance reports with clear recommendations for budget allocation and content prioritization.

Digital Marketing Specialist — Intern — AS Marketing Agency Oct 2021 – Oct 2023

Hamburg, Germany (Remote)

- Tracked and analyzed social media performance metrics across platforms; identified content patterns driving highest engagement and adjusted monthly publishing strategy accordingly.
- Monitored audience behavior and post-level data to surface actionable insights, resulting in consistent growth in reach and follower engagement over a 2-year period.
- Compiled recurring performance reports for internal stakeholders summarizing channel trends, content effectiveness, and recommendations for strategy adjustment.

Freelance Digital Marketing Consultant — Self-Employed Dec 2019 – Present

Hamburg, Germany (Remote)

- Audit website performance and KPI dashboards for small-business clients; deliver data-informed recommendations on content, UX, and channel mix.
- Build custom analytics reporting in GA4 and SEM to each client's commercial objectives.
